

2019 FEP (Federal Employee Program) Code Changes

Basic and Standard Option

Beginning January 1, 2019, FEP Basic and Standard Option plans have made changes to the allowed procedure codes. FEP will no longer cover the following codes for the Federal Employee Basic and Standard Option member plans. Codes not covered under either option may be charged at the providers Usual and Customary Rate unless the member subscribes to secondary coverage with FEP BlueDental, the allowance would be the same as the BlueDental Choice PPO.

For a list of the covered codes and the 2019 area schedule of allowance for the Basic and Standard Option FEP network, please visit our website at www.floridabluedental.com and click on the Providers tab, -> Access Fee Schedules and enter your PIN, which is the individual providers NPI number.
