

Amendment Dental FAQ's

Q: Why did I receive this Amendment?

This was sent to all providers as a formality. Because FCL is a downstream entity of FB, and some of the plans offered are through Medicare Advantage or Qualified Health Plans, we are mandated to include certain terms in the FCL Participating Dentist Agreements.

Q: Are new plans being added to the network I contract with?

No, nothing has changed. There are no new member plans added to the network(s) you currently participate with.

Q: Do I have to see Medicare Advantage members?

If you do not participate in the Copayment PPO network, you are not required to treat Medicare Advantage members.
